

Global Eye Opener Meeting Etiquette (Short Form)

Here are some things we've found work well in our online meeting.

Video

- Video **ON** is a plus.
- But video **OFF** is a probably a good idea if you're:
 - walking
 - running
 - driving
- Lewd or offensive visuals are not allowed.
- Non-alcoholic observers must keep their video **ON**.
- Distracting virtual backgrounds are discouraged.

Audio

- The mute button is your friend.
- If something's weird with your audio, we'll let you know and try to help.

Anonymity and Self-Identification

- We'd love you to:
 - use your preferred name
 - ask a servant if you need help renaming yourself
- Non-alcoholic observers must identify as such and refrain from sharing.

Handling Problems

- Personalities sometimes clash.
- We're here to help!
- If a dispute arises, we suggest:
 - pausing
 - consulting another member or trusted servant for how to proceed
